

Agenda of EPISTOP General Assembly

Date	17-18th November, 2016
Place:	Prague

17th November

9.00-9.15	S. Jóźwiak	Opening of the meeting, presentation of new partners
9.15 - 9.30	P. Kršek	Presentation of the site (UHM)
9.30-10.00	L. Lagae	WP2. EEG tracking of epilepsy and epileptogenesis in TSC patients
10.00-10.30	D. Kwiatkowski	WP3. Identification of the molecular biomarkers of epilepsy risk and epileptogenesis in TSC patients
10.30-11.00	F. Jansen	WP4. Neuroimaging findings as biomarkers of epilepsy risk and epileptogenesis in TSC patients
11.00-11.30	<i>Coffee Break</i>	
11.30-12.00	E. Aronica	WP5. Validation of biomarkers of epilepsy and molecular targets for novel therapies in human TSC specimens
12.00-12.30	K. Kotulska	WP6. Clinical study of epileptogenesis and randomized preclinical epilepsy diagnosis in TSC patients
12.30-13.00	P. Curatolo	WP7. Identification of the prognostic factors of neurodevelopmental outcome in TSC patients and possible treatment strategies
13.00 -13.30	A. Jansen	WP8. Exploitation and dissemination
13.30 - 14.30	<i>LUNCH</i>	
14.30 - 15.00	S. Jóźwiak	WP 1 Administrative and financial aspects of the project
15.00 - 16.00	S. Jóźwiak	Discussion on budget and patients enrollment
16.00 - 16.15	<i>Coffee break</i>	

16.15 <i>Sessions in Groups:</i>		
Group 1: SAB members Internal meeting of SAB members	Group 2: clinical group (IPCZD, TVG, INSERM, VUB, UHM, CUB, UMC, KUL, MUW)	Group 3: molecular genetic group (AMC, IIMCB, BWH, PFA, SXS)
19.30 – 21.00 <i>Dinner</i>		

18th November		
9.00-9.15	<i>SAB</i> <i>representative</i>	Conclusions of SAB members
9.15-9.30	D. Kwiatkowski	Conclusions of molecular genetic group
9.30-9.45	S. Józwiak	Conclusions of clinical group
9.45-12.00	S. Józwiak (moderator)	Discussion on current issues Summary of the meeting
12.00-12.30	<i>Coffee break</i>
